Report of Principal and School Improvement Council

Kensington Elementary School continues to strive for excellence in academics, citizenship, and educational opportunities for all students. We continue to maintain high expectations for our students as we encourage them to become not only excellent students, but productive and model citizens. Students helping one another and contributing to the community is an integral part of their education. Our emphasis on educational opportunities for our students is reflected in student learning outside the traditional classroom environment through field trips, outside learning activities, invited speakers/guests, and web-based learning activities. Our annual Spotlight on the Arts and Family Art Night showcase the artistic and vocal talents of our students and staff. New technology has provided students with a new source of information that engages them in the learning process and increases their enthusiasm for learning. Results and data from PASS tests, MAP tests, DIBELS, and other formative and informative assessments assist us in differentiating instruction that is needed to meet the needs of individual student. Kensington's academic performance continues to show that our efforts in improved and differentiated instructional strategies are successful. We were awarded the Palmetto Silver Award for General Performance based on the students' performance on the Palmetto Assessment of State Standards (PASS). Our continued efforts will hopefully result in GOLD status in the years to come. Our accomplished faculty and staff continue to work diligently to meet the needs of our diverse student population. Many of our faculty and staff members are currently enrolled in degree programs and/or are taking courses to enhance their instructional strategies. One of them is Mrs. Danielle Black, our current Teacher of the Year, and finalist for District Teacher of the Year. Collectively, we have also been awarded over \$13,000 in grants and services to meet classroom and literacy needs. Several teachers are participated in a Nature-Based Inquiry Project which culminated with Kamp Koala, a science-based outside learning center for teachers and students to enjoy for years to come. Our accomplishments would not be possible without the support we receive from our parents, extended family, community, and business partners. Our PTA, under the leadership of Heather Stone, provides our staff and students with many resources and services throughout the year. Among them are quality volunteers like Gloria Nesbit, our Volunteer of the Year! The School Improvement Council has been taking a closer look a school data and charting ideas that will enable all students to become an integral part of the school family through various learning options.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
